

Dear \_\_\_\_\_,

I have been given the opportunity to participate in the Mexico Impact Trip with the Youth Farm Bible Camp in March/April of next year. The trip is 10 days long and we will be driving through the Canada and the USA over 3 days to get to Tijuana, Mexico.

In Mexico we will be visiting a Mexican church on Easter Sunday and then on the Monday we will begin building a house which we will donate to a family. We will build the house from the ground up, pouring the foundation ourselves and constructing everything without the use of power tools. Amor Ministries helps to find the families that need the houses the most and they help us by getting all the building materials to the site.

We have 3 full days and maybe a 4th if needed to complete the house build. Often the family and the kids especially will help us with the build. A typical Amor Ministries home is an 11' x 22', two room home. It includes a slab floor and stucco finished exterior. Doors and windows are provided for each house. An Amor house is a simple design, built according to the standards of the community we will be building it in. These houses often are more than just a home. They help the families worry less about being safe and healthy and it can help families stay together by reducing the stress of trying to make enough money to survive.

Please would you consider supporting me and my fundraising drive for this trip. I need to raise \$1425 for the trip. This will include my travel, accommodations and my portion of the cost of the building materials for the home.

You can find out more information and even see a video of the house being built from a previous trip at [yfbcmexico.com](http://yfbcmexico.com).

Please consider supporting me for this trip financially and also with your prayers.

Cheques can be made out to: Youth Farm Bible Camp, Box 636, Rosthern, SK, S0K 3R0 with a designation to \_\_\_\_\_, Mexico trip in the memo.
